

## ANIMALS ACTUALLY APP

Ellie Mules | 1 September, 2014 | Activities, Living

Launching soon is a new **ANIMALS ACTUALLY** app, which is a fun-packed, educational game, aimed at children between 4 and 8 years old. It's being launched to teach children important life skills, such as kindness, love, healthy eating, and positive relationships.

There are over 70 exciting characters to meet, from Chuffy the chicken, to Guy the Fly. **ANIMALS ACTUALLY** also support PETA, Wateraid and PLAN UK. I can't wait to test it out.
